Sermon Reflection Questions

Can you think of something that has happened in your life that has challenged your sense of self-worth?

What has caused you to struggle with self-acceptance?

When have you heard God's call? Where were you and how did it happen?

What would you say God is calling you to at this time? As Barry asked, "What has God placed in your hand that he wants to use for his kingdom?"

How would you say your impression of yourself is different than God's knowledge of who you are?

What does the love of God for you look like in how you see yourself and the world?
